**OTTAWA, November 19, 2019** – The CN strike that was called early this morning interrupts the supply of propane.

“It is critical that action is taken immediately. We urge the federal government to take whatever action is necessary to ensure that rail transportation of propane is not interrupted” **said Dan Kelly, Board Chair of the Canadian Propane Association (CPA).**

“Rail transportation is extremely important for the propane industry and for Canadians who depend on propane for their homes, businesses, farms and fleets every day,” added **Nathalie St-Pierre, CPA President &CEO.**

Timely delivery of supplies is of utmost importance to ensure critical activities fuelled by propane can continue. The CPA is calling for negotiations between CN and CFTC to be concluded immediately, ensuring continued propane transportation across the country.
