du propane

Dear CPA Members,

Significant changes occurred over the weekend. Please read the following information carefully.

Essential Services by Province

NEW LIST

For the complete list of essential services, please consult the section called [PROVINCIAL ESSENTIAL SERVICES](#) on our website.

Propane production and deliveries are essential services. The CPA has worked with all governments to ensure production and delivery of propane be included in the list of essential services. Currently, the following provinces have included propane in their lists:

- [British-Columbia](#)
- [Alberta](#)
- [Saskatchewan](#)
- [Ontario](#)
- [Québec](#)
- [New-Brunswick](#)
- [Prince Edward Island](#)
- [Newfoundland and Labrador](#)

Québec

Since March 28, 2020, movements from one region to another in Québec have

been tightly controlled for the for the entire population, including the staff of members of the Organisation de la sécurité civile du Québec (OSCQ).

It is proposed that a letter be provided to your staff when they need to travel in the controlled regions within a province or between provinces.

Click [here](#) for more information and a model letter (also available on the website under [Provincial Essential Services, Québec](#)).

Federal Government

For the complete list of essential services of the federal government, please consult the section called [ESSENTIAL SERVICES IN CANADA](#) on our website.

NEW - It includes: Recurrent training as required by the Transportation of Dangerous Goods Regulations (TDG Regulations) is suspended. Transport Canada issued two temporary equivalency certificates which applies to all four modes, including ground transport.

For Trainers

The CPA has sent a letter to all trainers. To view the letter or the Guide provided, please consult the section called [TRAINERS](#) on our website.

CPA Resources

The following documents have been updated. Please click here for new

versions: CPA Guide - [Best practices recommended during COVID-19](#)

CPA Guide - [Communications strategy during COVID-19](#)

For trainers - [CPA Guide to hosting a training session during COVID-19](#)

Thank you.
