

Propane Storage & Handling

In Canada, provincial authorities regulate the storage and handling of propane, as well as facilities, contractors, equipment and appliances that use propane. This includes administering and enforcing safety codes and standards, inspections, licensing and permits for the propane industry.

Please contact the appropriate authority below for advice on regulatory matters:

PROPANE REGULATION

Authorities Having Jurisdiction

Transportation & Cylinders

Transport Canada administers and enforces the *Transportation of Dangerous Goods (TDG) Act & Regulations*, which specify requirements for transporting propane, such as means of containment, safety marks, training, permits and emergency response assistance plans.

For questions on these subjects, contact the TDG regional office below or CANUTEC at 613-992-4624:

Atlantic 1-866-814-1477
TDG-TMDAtlantic@tc.gc.ca
 Quebec 1-514-283-5722
TMD-TDG.Quebec@tc.gc.ca
 Ontario 1-416-973-1868
TDG-TMDOntario@tc.gc.ca
 Prairie & Northern 1-888-463-0521
