

Propane is *Energy for all*

Propane is a Canadian energy source, produced in Canada, for Canadians, from coast to coast

Used daily by 100,000's of Canadians

from heating homes, drying crops, powering forklifts to transporting children to school.

Propane is affordable

Saving you money – up to **45% cost savings**

Efficient, with furnaces running as much as **98% efficiency** compared to oil furnaces at 60%

Zero risk of contamination, lowering **insurance bills**

Propane is accessible

Highly **portable** and **versatile**

Unmatched in distribution infrastructure across Canada

Perfect for rural and remote locations, delivered and stored in a tank without deterioration

Ideal for critical infrastructure like hospitals. **It continues to work, even when the electric grid fails**

Propane is clean

Recognized by governments globally as a low-carbon energy that improves indoor and outdoor air quality and reduces GHG emissions.

A lower emission energy source than heating oil, diesel, and gasoline, and in some regions, **propane is even cleaner than the electrical grid.**

Renewable – propane made from 100% renewable materials is already being produced in Canada, the U.S. and Europe.

Regional Statistics

Atlantic Canada

Annual economic value created by the industry

\$57M GDP in 2018

Number of households using propane as a main energy source

17,751

Annual taxes and royalties paid by the propane industry

\$24M

Number of jobs that rely on the propane industry

497

Number of propane fuelling stations

7

Estimated economic footprint by sector gross domestic product (GDP)

(\$ millions)

- **\$12** Indirect taxes
- **\$7** Personal income taxes
- **\$2** Corporate income taxes
- **\$1** Carbon taxes
- **\$1** Other taxes
- **\$1** Royalties

Propane demand by sector in 2020

- Non-energy use & producers' consumption
- Commercial / Institutional
- Mining & oil and gas
- Residential
- Agriculture
- Transportation
- Manufacturing & construction

Did you know?

In Atlantic Canada, there are over 150 propane school buses providing clean and warm transportation for thousands of students everyday! Propane buses reduce particulate matter by over 98%, making for a healthier travel experience for children and bus drivers.
