

Propane is Energy for all

Propane is a Canadian energy source, produced in Canada, for Canadians, from coast to coast

Used daily by 100,000's of Canadians

from heating homes, drying crops, powering forklifts to transporting children to school.

Propane is affordable

Saving you money – up to **45% cost savings**

Efficient, with furnaces running as much as **98% efficiency** compared to oil furnaces at 60%

Zero risk of contamination, lowering insurance bills

Propane is accessible

Highly **portable** and **versatile**

Unmatched in distribution infrastructure across Canada

Perfect for rural and remote locations, delivered and stored in a tank without deterioration

Ideal for critical infrastructure like hospitals. **It continues to work, even when the electric grid fails**

Propane is clean

Recognized by governments globally as a low-carbon energy that improves indoor and outdoor air quality and reduces GHG emissions.

A lower emission energy source than heating oil, diesel, and gasoline, and in some regions, **propane is even cleaner than the electrical grid.**

Renewable – propane made from 100% renewable materials is already being produced in Canada, the U.S. and Europe.
